First Grade

Sight Word List

Reading plays a vital role in a student's academic success. Whether your student is an emergent reader (new to reading) or in Kindergarten this sight word list will improve your students reading. This sight word list contains words students at this grade level are expected to know. Review this list with your little one as much as possible as this will increase your student reading fluency.

*Recommended: Review words with your student as 5 new sight words every week.
